

Reds Reported Pulling Out Of One Area as They Pour Supplies Into Another Center

Tokyo, June 27.—(AP)—Reds began pulling out of one buildup area in Korea today but poured fresh men and supplies into another center for a new try at cracking Allied lines. United Nations officers were not worried.

"They can hit us anywhere, at any time, in any strength," a U. N. briefing officer said.

Other officers predicted Chinese Reds would strike in the second week of July—probably down the Uijongbu-Seoul invasion corridor.

Strong Communist screening forces Wednesday blocked Allied patrols probing toward four Communist buildup areas.

Chinese dug in even on the flat lands south of Pyongyang to protect their major buildup, north of the former iron triangle. This is the area into which Chinese commanders were reported pouring new men and materials.

East of the iron triangle Reds began hauling supplies out of a secondary buildup area near Kumang. A four-mile Allied advance Tuesday endangered the Reds' Kumang area.

Machineguns, mortars and artillery opened up on Allies trying to approach the other two buildup points, near Inje in the east and Yonchon in the west.

Chief front line topic continued to be the possibility of a cease-fire agreement. But the talk didn't affect action.

Department of Defense casualty lists from Korea, released today, carry names of the following: Wounded: Pfc. Milford L. Calhoun, son of Mrs. Dorothy V. Calhoun, North Warren; M/Sgt. Albert D. Homphill, 619 Irving Drive, Erie; Cpl. Alexander L. Henderson, 2120 E. 10th street, Erie; Pfc. Richard R. Kuhner, 919 East 5th street, Erie. Killed in action: Cpl. Harvey Davis, Jr., 145 East 17th street, Erie, and Pvt. Dale L. Dibble, Pleasantville.

Front line dispatches reported increases in Red artillery fire and emplacements along the eastern front where several grenade tossing battles broke out. And in the west U. N. patrols were forced back by 105 mm field guns.

Fighting was vicious, but on a small scale.

Fifth Air Force pilots supporting ground troops with fire bombs and rockets reported they killed or wounded about 600 Reds. Most of the casualties were inflicted in the Kumang area by two F-81 Mustang strikes.

One night caught 500 Reds firing on a U. N. tank column south of the city, where a four-mile gain was reported Tuesday. (Turn to Page Three)

Secretary of State Acheson said today the best guarantee for U. S. acceptance of a Korean cease-fire would be withdrawal of Chinese Communist troops beyond the Yalu river. Acheson proposed a "phased withdrawal" of all foreign troops in Korea after an armistice. In the event of such a settlement, he declared, there would have to be a full realization that its violation "would be a very dangerous step and would endanger world peace."

United Nations, N. Y., June 27.—(AP)—The west pressed Moscow today to spell out what Jacob Malik meant by the Russian proposal for a Korean cease-fire.

Acting on Washington's instruction, U. S. Ambassador Alan G. Kirk called on Andrei Gromyko, deputy Soviet foreign minister in Moscow. They talked for 20 minutes, and Moscow dispatches said clarification of Malik's suggestions "was expected by the end of this week."

Secretary of State Acheson said the United States had not learned the intentions behind the Malik proposal, "but we hope today will bring further light." At the time he made this comment in Washington, Acheson evidently had not received Kirk's report on his meeting with Gromyko.

Malik, Soviet delegate to the United Nations, proposed Saturday that the belligerents in Korea (Turn to Page Three)

Compromise Tax Committee Reports Work on Measure Is Still in the Talking Stage

Harrisburg, June 27.—(AP)—The senate's compromise tax committee reported today its work still was in the talking stage without getting "anywhere near a decision."

A reporter asked Sen. James S. Berger (R-Potter) chairman of the senate Republican caucus, the status of the committee's efforts to work out a solution of the tax-budget tangle.

Berger, head of the eight-member committee, four of them administration supporters and the other four out-spoken opponents of Gov. John S. Fine's disputed income tax, replied:

"I would say we are still in the process of talking. We haven't arrived anywhere near a decision as yet and I don't expect a decision today. We will probably continue on with these discussions the week of July 9."

With no break in the tax-budget deadlock in sight, both branches of the assembly planned to recess after today's session until July 9 because of next week's Independence Day holiday.

Berger termed "purely speculation" reports that the committee dropped the income tax and was near agreement on a compromise tax plan as a substitute for the income levy.

Berger commented on reports that substitute taxes under discussion included levies on electric light bills, a boost of inheritance taxes, re-enactment of the discarded soft drink tax, a levy on unincorporated businesses, boosts in cigarette and beer taxes and possibly a levy on other tobacco products.

Asked specifically if the committee has discarded the income tax, Berger replied: "I can't answer that. We are still exploring every possible angle of the situation and have not yet reached a solution."

Neither, Berger said, has the committee decided the question as to whether new tax revenues are needed, as Fine insists and as income tax opponents insist just as strongly, are not needed.

Berger was reminded that the Republican House leadership has taken a stand it will not consider an alternate tax for the income levy. He was asked if alternate tax plans are proposed how the senate leadership stood on that since tax bills must originate in the House.

"That is their concern," Berger replied. "We have our own matters to take care of."

After today's session, the assembly will reconvene July 9 with the tax-budget issue still dominant. There also will be a prospect of other recesses until the battling Republicans in the senate get together on the problem.

The situation has been at a standstill since April when the House passed Gov. John S. Fine's one-half of one per cent income tax only to have seven GOP senators refuse to support it. That opposition, together with a solid block of 20 Democratic senators, was enough to defeat the measure.

Sen. John H. Dent, Democratic senate leader, contributing the minority party view to the tussle, went on the air with a speech taking sharp issue with the governor.

His testimony drew from Senator Wiley (R-Wis) an outburst that "the time of being so naive in our foreign relations is past." He said this government, sending huge sums in foreign aid to Italy, should insist that the Italian government act more drastically to shut off the flow of contraband heroin to this country.

He also read an affidavit obtained by Italian police in which Luciano was quoted as admitting that American "friends" have brought him thousands of dollars since he was deported.

Siragusa, an agent of the Federal Bureau of Narcotics for 12 years, said he was working in Italy in April and May of this year in an effort to trace the source of illicit shipments of heroin into this country.

ACTION IS DELAYED ON DISCRIMINATION BILL

Harrisburg, June 27.—(AP)—A vote by the Senate Judiciary General committee on a bill banning discrimination in employment because of race, creed or color is off for another two weeks.

A committee meeting and counting of noses was scheduled for today but was postponed because of an early session to close the week's parleys.

Chairman A. Evans Kephart (R-Philadelphia) said that the committee meeting probably would be held Tuesday, July 10, following reconvening of the senate after a week's holiday for Independence Day.

VOTING MAY START TODAY ON CONTROLS

Washington, June 27.—(AP)—The senate starts voting today on a bill to extend price, wage, rent and credit controls, under a time limitation which might bring final passage tonight.

The house also is scheduled to begin floor consideration of a new controls bill but administration leaders there were much less confident of passage this week.

The present price-wage-rent control authority (defense production act) expires Saturday midnight unless some extension act is passed by congress and signed by the president before then.

Some house Democratic leaders said privately it would be impossible to get the complex extension measure through that body this week. So far they have not scheduled night sessions or a Saturday meeting.

These leaders said the solution would be a simple 30-day extension of the present law, as it stands, while the detailed measure is being worked out. House Republicans in a caucus yesterday generally went along with this view.

The senate, meanwhile, went into high gear after two days of general debate on the controls bill. It accepted without argument an agreement to restrict further general debate to two and one-half hours and to limit debate on most amendments to 30 minutes.

Three exceptions were made to the amendments' limitation.

An hour was allowed for a proposal by Senator Douglas (D-Ill.) to strike out of the bill a drastic limitation on price roll-backs. This is expected to bring the hottest fight of any issue in the voting.

The agreement also provides for an hour on any rent control amendment, and 50 minutes on one by Senator O'Mahoney (D-Wyo.) to require dispersal of defense installations.

Even under the agreement, it could take the senate 11 or 12 hours more to dispose of the bill.

Majority Leader McFarland (D-Ariz.) scheduled a session tonight and said he hoped for final action then. He told newsmen he was sure the bill would be passed at the latest by tomorrow.

Western Kansas Is Hit by a Tornado

Wakeney, Kas., June 27.—(AP)—A tornado ripped through a residential area of this western Kansas town early today, killing three persons and injuring an estimated 50.

The winds, accompanied by a five-inch rain, leveled homes, uprooted trees and ripped down power and communication lines.

Rooms and corridors of Wakeney's only hospital were jammed with the injured.

Wakeney has a population of about 2,000 and is 25 miles northwest of Hays.

Ben J. Brungardt, the Hays city manager who was aiding in rescue work, estimated a five or six block area was badly hit.

He said the Wakeney Hospital had adequate facilities for handling the injured but that a call had been sent out for more blood plasma.

The Hays National Guard unit and volunteers from nearby Hill City assisted in rescue operations.

Rear Adm. Dennison, Naval Aide to President Truman, To Deliver Principal Address

Plans for a dedication program at War Memorial Field Saturday evening beginning at seven o'clock with a concert by the V. F. W. band, at which Rear Admiral Robert Dennison, naval aide to President Truman, and son of Mrs. L. W. Dennison, this city, will be the speaker, were completed at a well attended meeting of the celebration committee held last evening at the American Legion Home.

The committee acted after it was informed that the arrival of the commemorative boulder that is to be erected at the entrance of the field has been delayed, due to the vast amount of work required in engraving approximately 329 names upon it. It is now expected the boulder will not be delivered for a couple weeks, and the committee has decided that plans for its unveiling and dedication will be worked out later.

Latest information received by the committee from Admiral Dennison stated that he expects to arrive in Warren Saturday morning and may be here two or three days, but was not certain he would be here for a dedication program Tuesday evening. In view of the circumstances, and to make certain that Admiral Dennison will be here and appear on the program it was decided to move the event up to Saturday evening.

The program will take place inside the field in front of the bleachers that are being erected by members of the Jaycees. W. E. Rice, president of the borough council, will be master of ceremonies, and music will be provided by the V. F. W. band. Representatives of the veterans' organizations, including Ralph Akers, commander of the VFW, Willis Lundahl, commander of the American Legion, and Howard Clark, commander of the Marine Corps League, head the committee, assisted by officers of the Jaycees and other members of the general committee.

The exercises, it was decided, will be in the form of a dedication of the field in memory of Warren county men and women who served their country in the two World Wars and the present Korean conflict. Such a program had been discussed since the field was turned over to the borough by the War Memorial Board, and it appeared to the committee, that this would be an appropriate time to have such a ceremony.

The question of completing plans for the dedication was the main subject for discussion at a busy meeting of the celebration committee with a large number in attendance.

The committee in charge of the parade and drum corps competition announced receipt of additional entries, including the Greece, N. Y., American Legion Gray Knights in Class A, along with Brockport VFW Post.

The committee in charge of the queen contest, reported arrangements complete for the interesting program that will be staged in front of the municipal building Saturday evening following the dedication ceremonies at War Memorial Field. At that time the queen will be selected from among the five young women chosen at last Saturday evening's ceremonies in Second avenue. The committee is hopeful that Admiral Dennison will consent to crown the queen. Later in the evening the committee will sponsor a public dance at the youth canteen in the rear of the Y.M.C.A.

INTERVENTION NOT PLANNED IN IRAN CRISIS

Washington, June 27.—(AP)—Secretary of State Acheson said today there is "no thought" of United States intervention in the Iranian oil crisis.

Appearing before the house foreign affairs committee, Acheson said however, "we cannot exaggerate the critical nature of the situation and we cannot exaggerate the importance of its solution."

Rep. Fulton (D-Pa) called Acheson's attention to the United States taking military action in Korea without a congressional declaration.

"There is no thought of the United States intervening in Iran either with or without congressional action," Acheson replied.

Tehran, Iran, June 27.—(AP)—Crude oil pumping of southern Iran's largest field has been halted because of an Anglo-Iranian oil company decision to withdraw its tankers, British ambassador Sir Francis Shepherd announced today.

His announcement came as a showdown appeared near in the British-Iranian oil dispute. Tension was growing over reports that all Britons would be evacuated from the oil fields.

Production at the Aghajari field, about 100 miles northeast of Abadan, site of the world's largest refinery, has been stopped because there is no more bandur at the deep sea port of Bandar Mahshur. Production of the Aghajari field is 322,000 barrels a day.

Ambassador Shepherd estimated that production at the Abadan refinery, which is fed by six other oil fields in southern Iran, could continue another 10 to 14 days before storage facilities were all used up.

It is the hope of the United States that the Iranian government will approach Britain's offer with "more of an open mind," Acheson said, adding he believed in that case the existing difficulties could be solved.

As to aid proposed for Iran under the \$8,500,000,000 foreign assistance program, Acheson emphasized that it was a long range objective without reference to day-to-day "fluctuations."

Celebration Notes

Tonight! Six O'clock! In Carver Street! Final tests for Koaster Klassic!

It will be good news for one and all to know that the time has been fixed definitely for the Memorial Field dedication . . . Saturday evening beginning at seven o'clock with a concert by the VFW band!

The committee has been advised that the Dickey-Ben Speedway will have a number of racing cars in the parade on the Fourth.

Last night's meeting was one of the busiest and most constructive yet held since first discussions started back in February.

A grand total of 21 floats was reported last evening . . . but many more are needed to build up the parade to the expectations of the committee.

Victor Offerle is giving corsages to the queen and her court to wear in the parade and the Motor Lighthouse is providing fuel for the queen's car for the various events during the five days.

Ben Kinnear and Jack Barr had the judges at the Legion Home last evening for a briefing that lasted well over an hour. They are as follows: Inspector, Herbert Quiggle and Frank Gruttaria; marching, maneuvering, James Scallise and J. Shaffer; drumming, Clifford Briggs and Al Buerkle; bugles and fifes, Rex Biekarck and Henry Christensen; general effect, Melvin Keller, chairman, Homer Fitch and Robert Schwartz; cadence, James Senger; time keepers, Barney Senger, Harry Tourtelot and Joseph Massa.

Just another reminder to those who wish to mail in contributions to the celebration fund. Address them to "Jaycees Celebration Fund", Drawer 59, Warren Post Office.

We are requested to call attention of all members of the Jaycees and other volunteer workers to an important "social" event to be held at Memorial Field Thursday evening at six o'clock, and a large attendance is necessary. Because of this project the meeting scheduled that week, will not be held until nine o'clock.

Another important note to Jaycees: Plan to be at North Carver street Saturday a little before one o'clock to help patrol the crowds that will be gathered for the Koaster Klassic finals.

Definite assurance was received last evening that three outstanding Erie columnists will be in Warren to act as judges in the queen contest along with two members of the Jamestown Jaycees. The judges will be: Arch Bristow and Clare Swisher, Erie Dispatch Herald; Cliff Taylor, Erie Times; Jerry Keefer and John Hart, Jamestown, N. Y.

Ed Honhart, sponsoring the old time raft in the parade, last evening drilled the boys who will help in the operation of the craft when it is paraded over the route next Wednesday.

The committee sponsoring the boat races scheduled for Sunday afternoon in the river below the Hickory street bridge, last evening, started erecting the platform and other equipment that will be used by the racers and judges. The races are being staged under the auspices of the Chautauqua Lake Motor Boat Club, and it is expected that from 30 to 40 boats will be entered.

The seating capacity at Memorial Field for the afternoon program on the Fourth is being tripled over that of recent years, and the committee announces that to avoid confusion and extra work requiring additional help there will be no reserved seats.

There will be a work detail Sunday morning at eight o'clock at Beatty school to erect the stand, place chairs and complete other details for the vespers services in the evening.

Because of the work involved in placing approximately 329 names on the boulder it was decided that it would be impossible to complete the job and have it erected in time for dedication during the celebration, hence the decision to confine the program Saturday evening to dedicatory exercises for the field. The committee in charge of planning the dedication of the boulder at a later date will meet at the field Thursday evening at 7:30 o'clock.

It has been announced that the Ford Winner orchestra will play for the Variety Show next Monday evening on the Beatty school lawn.

There will be four ambulances available and in service during the parade on Wednesday. One will be in the procession, one at the first aid station in the Penelec building; one at Check Bros. Service Station and the fourth one will be at the Gibson Funeral Home for emergency calls.

A rumor that was circulating about town Tuesday afternoon was emphatically denied by Jack Barr, chairman, last evening, when he said the speed boat races will be held next Sunday afternoon, despite reports to the contrary.

Last night's meeting was the largest and most enthusiastic yet held, with the only discouraging note being received from the finance committee. The boys can use more cash. Don't delay sending in those checks.

RAYMOND E. MOHNEY
Barnes, June 27—Mrs. Kathryn Nelson, 7 Mead street, Sheffield, has received word of the death of her brother, Raymond E. Mohney, which occurred Tuesday morning, June 19, in the Naval Hospital in San Diego, Calif. He had been a patient there since last October, suffering a heart condition. A visitor in this community on several occasions. Mr. Mohney was a veteran of World War I and an amputee.

Services in his memory were held from the Greenwood Mortuary in San Diego Thursday afternoon, followed by interment in the Veterans' National Cemetery at Point Loma, Calif.

MAUDE W. KIRCHARTZ
Mrs. Maude W. Kirchartz, 9 Glenwood street, who suffered a stroke at her home some weeks ago and was a patient at Warren General Hospital for a time, died at 7:50 p. m. Tuesday at the Gibson Nursing Home, Prospect street.

Born in Brookville, Jefferson county, on April 10, 1868, she was a resident of Reynoldsville before coming here 48 years ago. She was the widow of Charles S. Kirchartz, former circulation manager for the Times Publishing Company, who preceded her in death in 1946.

Surviving her are two sons, Charles E., of Greensburg, and Paul E., of East Orange, N. J.; also three grandchildren and one great-grandchild.
Removal has been made to the Peterson Funeral Home, where friends will be received at the regular hours starting at seven o'clock this evening. She was a member of First Presbyterian church and her pastor, Dr. Robert S. Steen, will conduct services in her memory at the funeral home at 1:30 p. m. Friday. Interment will follow in the Brookville cemetery.

MRS. J. H. ALEXANDER
News of the sudden death of Florence A. Alexander, 100 Fourth avenue, at Warren General Hospital early this morning brought sorrow to the hearts of a host of friends both here and in her former home in Cleveland. While she had been in poor health for some time, and had not fully recovered from injuries suffered in a fall last January, her death, due to a cardiac failure, came as a shock to her family and friends alike.

In her life ran the broad, fine pattern of sincere loyalty to her friends, with generous and thoughtful ways of service and affection. These are the traits of character that will long be remembered by those who were near and dear to her.

She is survived by her husband, J. H. Alexander; a son, Norton P. Bowler; and one grandson, Norton Alexander Bowler.

Funeral services will be held Friday afternoon at two o'clock from the Lutz-Vermilyea Funeral Home with the Rev. Beecher M. Rutledge, of Trinity Memorial Episcopal church, officiating, and interment following in Oakland cemetery.

Friends will be received at the funeral home at the usual hours beginning at two p. m. Thursday.

open talks about a cease-fire coupled with mutual withdrawal of forces from the 38th parallel. The west wanted to know, among other things, what "belligerents" the Soviet Union considered to be involved, and what guarantees would be given against reopening of the fighting if a truce were declared.

U. N. Secretary General Trygve Lie returned to New York from Norway reiterating he is "always hopeful." He called his U. N. aides into conference, and planned later to see Nazroliah Entezam, of Iran, president of the general assembly.

There was no indication here that Entezam had been able to see Malik, who has been reported ill since Saturday.

The U. S. delegation also was silent on whether Ernest A. Gross, U. S. ambassador to the U. N., had been in contact with the Russians.

Both Gross and Ambassador Kirk in Moscow were instructed by the state department Monday night to seek clarification of the Russian proposal. Gross called off plans to go to Burlington, Vt., for the golden wedding celebration yesterday of Warren R. Austin, chief U. S. delegate to the U. N.

Malik is scheduled to make an appearance tomorrow night at a dinner he has arranged as retiring president of the security council.

PENNSY CURTAILMENT DELAYED BY THE P.U.C.

Harrisburg, June 27—(P)—A proposal by the Pennsylvania Railroad to curtail passenger train service between Harrisburg and the New York state line will be held up pending hearings by the Public Utility Commission.

The commission said yesterday that hearings will be called soon in the case. The PRR originally had asked for the curtailment to go into effect on July 8.

The PRR is seeking to discontinue day service north of Harrisburg, affecting the Sunbury, Milton, Williamsport, Lock Haven, Renovo and Emporium stations.

The PUC said numerous complaints have been received from the north-central area against the proposed curtailment.

ing tripled over that of the past two years, and next week there will be no reserved seats. Last year, it was reported, considerable confusion resulted during the attempt to have a reserved section, along with the fact that it was difficult to secure needed ushers and attendants to man such a project.

Attention was called to the fact that there will be a meeting of the general committee in charge of arranging a program for the boulder dedication at War Memorial Field Thursday evening at 7:30 o'clock. This committee is headed by S. E. Kuhre, chairman of the park commission of the borough council.

Information regarding other business transacted at the meeting will be found in paragraphs appearing under the heading "Celebration Notes" appearing in another column of this issue.

The next meeting of the general committee will be held Thursday night at nine o'clock at the Legion Home, to make it possible for members to work as late as possible on outdoor projects that must be completed before the weekend.

State Law Bans Possession and Sale of Fireworks

Harrisburg—The Pennsylvania State Police issued a warning regarding the unlawful possession, sale and use of fireworks.

The Pennsylvania fireworks law makes illegal the sale, offering for sale, or use of any fireworks except paper caps and devices in which they are detonated, unless such use is in the form of a supervised display in which case permit is required to be obtained from the municipality in which the display is to be held.

The law defines the term "municipality" as any city, borough, incorporated town, and township. A fine or jail sentence, or both, may well be imposed upon any person, copartnership, association

GOING WEST—Pvt. Galen Rapp, son of Mr. and Mrs. George Rapp, Lander, will leave Thursday for Pittsburgh, en route to a new assignment at Fort Lawson, Wash. Currently home on leave with his family. Pvt. Rapp only recently completed a 14-week training cycle at Ft. Leonard Wood, Mo., with a unit of the Sixth Armored Division.

Staff Announced For Camp Olmsted

In preparation for the Silver Anniversary season at Camp Olmsted, a season which all indications point to being the best in the 25 year history of the Council Camp, the staff also promises to be the best recruited. The Camp Staff will be headed by Elmer Pilling, former game protector, now living in Pittsburgh. He will be assisted at the waterfront by Richard Ruhlman, who has been serving as Scoutmaster of Troop 9 at the First Methodist church. In the kitchen department which is very important, the culinary staff will be headed by Mrs. Elmer Pilling and she promises food served the campers during the season at Olmsted will be as good if not better than their own home-cooking.

The registrations to date for Camp Olmsted also indicate a great number of Scouts are anxious and interested in going to Camp Olmsted. The first group of Scouts will move into Camp Olmsted Saturday, July 14, and there will be three additional weeks beginning on successive Saturdays.

He writes that he is just back from the front, where the band helped boost the morale of the wounded being brought back from the battlefields. Another excerpt from the letter reads: "My buddy and I spent all day making a bed because we were tired of sleeping on the ground, and we now have the best bed in Korea."

ANOTHER BIG STEP IN TELEPHONE PROGRESS FOR WESTERN PENNSYLVANIA

Operator Toll Dialing will make Long Distance faster than ever

AN \$8,000,000 PROJECT

Within the next few weeks, Long Distance Operators in Pittsburgh will start using new, faster equipment to handle your out-of-town calls. Installation of this new equipment—the most modern and up to date in existence—is now being completed. The bill for it, in Western Pennsylvania, is more than \$8,000,000. Final tests are under way.

The new equipment will not affect the way you place an out-of-town call. But it will enable our operators in Pittsburgh to dial direct to telephones in more than a thousand distant cities, as far away as the West Coast. Obviously this means faster out-of-town service for you. Moreover, the number of cities to which operators dial direct will keep growing—another big step toward the day when you, and all other telephone users, will dial your own Long Distance calls throughout the country.

HERE'S HOW IT WORKS

Suppose, for example, you want to call someone in Oakland, California. You pick up your telephone and give the number to your operator, who quickly passes it on to a Long

Distance Operator at the Pittsburgh Toll Center. Swiftly punching a set of keys that look like those on an adding machine, Long Distance "dials" the 3-digit code for Oakland, then—without a break—the number you are calling. A series of electronic switches instantly searches out the speediest available cross-country route and rings the number. In a matter of seconds after you have placed your call—usually under a minute—you hear the voice of the person you're calling!

CALL BY NUMBER — IT'S EVEN FASTER!

To save even more time, follow these two suggestions:

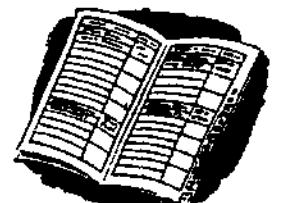

CALL BY NUMBER to avoid an extra call to information in the distant city.

REMAIN ON THE LINE while the Long Distance Operator puts your call through.

Summer Reading Same Announced for Youngsters

The children's summer reading program of Warren Public Library was officially opened Tuesday morning at McClintock school. Other school station libraries in the summer program are as follows: At Lacy building on Wednesday mornings; at Home street school on Thursday mornings; and at South street school each Friday morning.

Each station library will be open from 10 a. m. until noon, during which time the children may borrow books and participate in the Reading Game and the Study Hour.

The theme for the summer Reading Game is based on the boyhood classic, "Tom Sawyer" by Mark Twain, the object of the game being to "help Tom paint his fence". Each child is given a particular fence post bearing his name and by reading books he paints his fence.

Prizes will be awarded at Warren Public Library and at each school station to those children who make the best time painting their fence posts. The contest will run through August 24 and all children from the third through eighth grade are eligible to participate.

Every child who paints a fence post by the close of the contest will be a guest of the children's room for a special party.

Win Respect Rather Than 'Make' a Good Impression

A GIRL holding down her first job wants to know how she can "make a good impression" on the people she meets every day in the course of performing her job.

That phrase "make a good impression" shows she is thinking too much in terms of herself and too little in terms of other people.

The world would be a mighty cold place indeed if everybody went around trying to make "a good impression" on everybody else. We'd all be actors and there wouldn't be any audience. We'd all be wearing masks and we would never get through to each other's real personalities at all.

So let's not even talk about "making good impressions." Let's take the situation from an entirely different angle.

How can this girl be helpful to and win the respect of the people she meets?

WORK WELL DONE MERITS RESPECT

FIRST of all, she can do her job as well as possible. Quiet, unobtrusive efficiency always wins respect. It also gives self-respect to the person doing the job.

Then, too, she can brighten her dealings with others by kindness, consideration, and good manners.

A good disposition and a ready smile will help to smooth the way, too. The working girl who is sure that she measures up in these three respects doesn't have to worry about "making a good impression" on others.

She will do that—and more, too. She will win their respect—and she will gain a new self-respect.

The way to "make a good impression" is to forget all about making a good impression—and do one's job efficiently and with graciousness toward others.

Saturday Nuptials

Father M. E. Dally officiated for a pretty double ring ceremony at 2 p. m. Saturday in Holy Redeemer rectory to unite in marriage Norma Ann Mead, daughter of Mr. and Mrs. Carl G. Mead, Hamlock, and Louis P. Owen, son of Mr. and Mrs. R. L. Owen, 114 Park avenue. Dorothy Farnham attended her sister as matron of honor and Lawrence Owen served his brother as best man. Both young people are graduates of Warren High School and well known in the community. She is employed by the Warren Bank and Trust Company and the bridegroom is serving with the U. S. Navy aboard the USS Saipan, aircraft carrier, just recently returned from the Mediterranean area. He returned to Norfolk, Va., to report back aboard ship, after a short wedding trip to Pittsburgh.

The bride's ballerina-length gown of nylon lace was complemented with a waistline jacket which buttoned from a high, pointed collar and had long sleeves tapering over the wrists. Her short veil was held by a trimmed tiara and she carried a colonial bouquet of white roses and baby's breath. Her sister wore an aqua ballerina frock in the same style.

Mrs. Mead wore tan crepe, green accessories and a corsage of white carnations, while Mrs. Owen chose black accessories and yellow carnations with a summer print.

A reception for the immediate families followed at the bride's home, with guests from Philadelphia, Erie, Russell and Warren. An all-white table had silver service, with a three-tiered cake topped by bridal figures in miniature. Cut garden flowers completed the home decorations.

Two Rude Jolts Slow Dodgers' Bid for National League Flag

Two rude jolts in three days have slowed Brooklyn's bid to take a runaway of the National League race.

The latest blow to the Dodgers came last night by their arch rivals from across the river, the New York Giants. A sterling three-hit pitching performance by Sal Maglie plus some timely hitting against previously unbeaten Preacher Roe sparked the Giants to a 4-0 triumph. Roe won ten straight.

It marked the third straight loss for the Dodgers who absorbed two stunning defeats in Pittsburgh last Sunday.

In winning the first of six inter-rough games to be played within the next ten days, the Giants reduced the Dodgers' lead to five games.

Sylvania, Glade A.C. Post Junior Wins Over Keystone, Annex

Sylvania and Glade A. C. racked up victories in the Hot Stove Junior League last night, with Sylvania topping Keystone Garage, 10-2, and Glade shading Annex Garage, 3-2.

A third Junior League scrap between Clarendon and Youngville ended in a 1-1 draw after seven innings. A playoff date will be arranged later, with the game to be scheduled on the Clarendon field.

The Sylvania-Keystone game, played at Beyer Field, was called in the last of the 8th inning on account of darkness. Batteries were Gagne and Pittman for Sylvania, and Richards, Ettinger in the fourth and Pearson for Keystone. Gagne struck out six men, walked five and allowed only three hits. Richards and Ettinger fanned seven batters, walked five and were nicked for nine safeties.

Leading hitters were Morris with a triple and Cramer with two doubles for Sylvania, and Richards with two hits in two trips for Keystone.

Score by innings:

Keystone	000 020-2	3
Sylvania	000 023-10	2

Glade counted their three runs on seven hits, while Annex Garage notched its two tallies on three hits. The game was played at the Upper Conewago field.

Chapter 19

THE button eyes smoldered and there was swift irritation on the artist's face, swiftly masked. "Did you just happen along, or am I under some sort of surveillance?"

Jigger ignored the charge. "Getting back to Sally Woods. She took up with another man after leaving you."

"Did she, really?"

"Who was your successor, Arens?"

"Should I know?"

Jigger said deafly. "Who was your successor, Arens?"

There was sudden, surprising hostility in the artist. "Are you going to continue to waylay me, and annoy me?"

Jigger looked sharply at the artist. "I thought we got past that, I thought we were on a more cooperative basis."

Arens said harshly. "Suppose you tell me what your real game is, mister."

"Same as last night: The murder of Sally Woods."

The button eyes smoldered. "Keep lying to me, and I'll call a cop."

Jigger studied Arens thoughtfully. The artist seemed in earnest, there was toughness in him now, not just the rage of a man aggrieved at a heckler.

The artist seized Jigger's wrist firmly. "Who are you? You didn't bother telling me last night?"

Jigger had the feeling of being taken unawares, of being somehow suddenly in a situation he hadn't prepared against. He said, "My name is Jigger Moran."

The grip on his wrist held. "And why are you really after Sally Woods?"

Jigger's mouth opened. "Are you kidding?"

"Enough to call the police!"

Jigger wrenched his wrist free. "Arens, you're being just a little bit crafty now. I'm not after Sally Woods. I'm after her murderer."

Arens said wrathfully. "You're looking for Sally Woods, you mean. And you used the cheap lie of murder to wrest information from me."

The idea formed slowly, very slowly. "You don't believe that Sally Woods is dead?"

Arens was looking watchfully

Cubs Bolstering Dodgers With Pafko Bad for League

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—The Cubs dealing Andy Pafko shocked the other National League clubs, including Brooklyn, the bloated beneficiary.

The first rule in the book is never to strengthen strength, but the Chicago club lived up to its reputation for bad deals by making it possible for the Dodgers to win by 20 or more games.

For example, the Superstar now has four of the seven men who last season hit 31 or more home runs in the National League, the others, of course, being Hodges, Snider and Campanella.

Pafko, the big player, was worth more than the other seven athletes involved.

Indeed, it was the extraordinary success of the succession of White Sox swaps, while the stagnant Cubs grew progressively worse, that prompted Director of Personnel Wild Mathews to make the trade. He passed along Pafko in desperation. The customers demanded action, anything for a change.

The Cubs have been shortchanged in deals ever since the days when the writers grew lyrical about from Tinker to Evers to Chance.

BUT Dolph Camilli going to the Phillies for Don Hurst, a complete bust, in mid-term of 1934 is good enough to top the list that comes to mind offhand. Taking over the Brooklyn club four years later, Larry MacPhail's first act was to borrow \$50,000 and hand it to an outsider to the Phillies for Camilli.

That was the year the Cubs gave the Cardinals \$125,000, Davis, Clyde Shoun and Tuck Stainback for Dizzy Dean's dead arm. Then Lonnie Warneke went to the Red Birds for first baseman Rip Collins and Tarran Parmelee.

The Cubs traded Eddie Stanky to the Dodgers for Bob Chipman. They haven't had a second baseman since, and The Brat has helped win in Brooklyn and Boston and remains the Giant's key man.

Cliff Chambers went to Pittsburgh for washed-up Frankie Gustine, Bill Nicholson to the Phillies for Harry the Hat Walker.

The doozies of them all were the highly tradeable and efficient Eddie Watkins and Hank Borowy going to the Phils for the ancient and honorable Dutch Leonard and Walt Dubiel and Russ Meyer for Emil Verban.

Any member of any Klotz Role Gang could make better deals.

Speedway Set for First Night Racing

Bob Rumbaugh, Carl Pintagiro and Bob Allen, will head a field of some 25 cars for the first night racing program of the year to be held at the Dicky-Ben speedway Thursday night. The first race will get underway at 8:30 p. m. with warm-ups slated for an hour earlier.

The night races the first ever to be held here, will inaugurate the new lighting system which has been installed at the speedway. As interesting as stock car races are during daylight, they are that much more thrilling at night. It seems that once the sun sets, the boys really apply their heavy foot to the gas pedal.

A full program of seven races, topped by the 20 lap feature will comprise the opening night program. Rumbaugh at the present time is the leading point driver in this area and he will be out to show his heels to the boys again on Thursday under the arcs.

Dr. James J. Giunta, of Warren, state delegate to the National Knights of Columbus Tenpin Bowling Association, has returned home from a meeting in Chicago where New York City and Detroit were picked as the sites for the eastern and western tours this year.

A change also was made in the association setup, in which a handicap system was adopted in place of the former system of 50 percent distribution of prize money for scratch scores and 50 percent for good fellowship.

JACOBY ON BRIDGE

MAKING A CONTRACT WITH AN OVERTRICK

By OSWALD JACOBY

Written for NEA Service

If you were naming the best players in the country, you'd have to include Alvin Landy on your list. Strangely enough, Landy is so busy directing tournaments that he practically never gets a chance to play the game.

He found a chance to play, however, on a recent trip to the nation's capital, where he had gone to arrange the national tournament, scheduled there for August. One of the hands he played in Washington is shown today.

Landy refused the first heart trick, thus forcing West to abandon the suit. If West leads a

second heart, declarer has two tricks in the suit instead of only one. If South takes the first heart, he dares not lose a trick to East; for then a heart return will run him.

West shifted to the eight of diamonds, and Landy made his second fine play by putting up the ace promptly. A finesse allows

East to win and return a heart. Then the hearts become established while West still has the king of clubs as an entry.

After taking the second trick with dummy's ace of diamonds Landy led the jack of clubs for a finesse. West took the king and led his remaining diamond to East's king. East then returned a heart, but the party was over.
